

Rabies vaccination and dog license requirements

As required under the *Wisconsin State Statutes*, owners of dogs in the Town of Oshkosh must have rabies vaccination and be licensed.

Vaccination against rabies of all dogs by a veterinarian is required within 30-days after the dog reaches 5-months of age and revaccinated within one-year after the initial vaccination. If the owner obtains the dog or brings the dog into this state after the dog has reached 5-months of age, the owner shall have the dog vaccinated against rabies within 30-days after the dog is obtained or brought into the state unless the dog has been vaccinated as evidenced by a current certificate of rabies vaccination from this state or another state. Older vaccinated dogs must be revaccinated before the certificate expires or within three-years of the previous vaccination. Certificates of current vaccination by a veterinarian must be presented when obtaining dog licenses.

The license fee for neutered males or spayed females is \$3.00, upon presentation of evidence that the dog has been neutered or spayed, and \$8.00 for not neutered male or not spayed female dogs.

Dogs that become 5-months of age after July 1st will be assessed at 50% of the regular license fee. New residents of the town have 30-days to obtain a dog license.

Penalties

A late fee of \$5.00 shall be added to the owner of each dog 5-months of age or who fails to obtain and renew his or her dog license after April 1st or after required deadline. An owner who fails to meet the dog licensing requirement by statute may be required to forfeit no less than \$50.00 nor more than \$100.00.
